WE SPECIALIZE IN LINING-OUT STOCK!

We are very proud of our lining-out stock. With us, the growing of top-quality liners is a specialized business — not just a sideline. From the beginning of our nursery some ten years ago we have specialized in this field, and we now feel that we can supply you with some of the best liners to be found anywhere.

Our Dowfume MC2 fumigated beds have a high peat moss content, are all under sprinkler system, and we maintain a carefully supervised program of fertilizing and spraying. These factors combine to give you good healthy plants with wonderful fibrous root systems, strong stems and branches, and rich-green foliage.

We invite you to compare our liners with any others you may have been using.

With the high cost of transportation on finished stock, we urge you to consider the savings you will effect by growing your own — from our fine liners — either in containers or in the field.

The demand for container-grown stock is steadily increasing. Place your order with us early and be sure of having nice stock on hand for next season's sales.

Terms of Sale

Conditions

We accept all orders on condition that they shall be void should injury beyond our control befall the stock. All quotations are subject to prior sale of stock. Prices listed cancel all previous quotations.

Prices

Five and fifty of one variety and size at the 10 and 100 rate respectively. We cannot accept orders for less than five of any one variety, or size of lining-out stock.

All prices are net F.O.B. our nursery. No charge is made for packing orders for lining-out stock, whether bed-grown or potted, but packing is charged at cost on orders for B&B or container-grown stock.

Payments

Cash with order. C.O.D. shipments will be made only when a twenty-five per cent deposit accompanies order.

Booking Orders

Booked orders will not necessarily be binding on us unless buyer either takes delivery or confirms order with a deposit of 25% on or before January 1st.

Claims

All claims must be made immediately upon receipt of stock. We shall be glad to adjust any mistake made by us, but in no case will our liability exceed the purchase price.

Transportation

All prices F.O.B. Mobile. We make no charge for delivery to carrier, but our liability ceases when goods are turned over to carrier, and risks and costs of transportation belong to purchaser.

We are open for business from 7 A. M. to 4 P. M. on week days, Saturdays till noon, and no business on Sundays. You are cordially invited to visit us during our business hours.

Broad-Leaved Evergreens

Abbreviations:

S, Seedlings; CT, Cuttings Transplanted; BR, Bare-rooted.

Abelia Edward Goucher

This Abelia is similar to the well-known Abelia Grandiflora, with larger and darker pink flowers. Good, compact spreading habit of growth.

Abelia Grandiflora

Very popular plant for hedge or mass planting, with glossy leaves and pinkish white trumpet shaped flowers borne in profusion during the summer.

	Each	10	100
6- 8" C. T. -----	---	\$1.50	\$10.00

8-12" C. T.	—	1.75	12.50
12-18" C. T.	—	2.00	15.00

Pieris Japonica (Andromeda)

Beautiful evergreen that displays attractive characteristics in all seasons. Bears clusters of drooping white flowers in early spring, and the new growth in summer has a rosy-wine color. A good plant for a shady, moist location.

Gallons cans	.50
--------------	-----

Pittosporum Tobira

Will do well in shade or sun; in clay or sand. Very useful for foundation plantings.

4- 6" C. T.	—	1.25	8.50
6- 8" C. T.	—	1.50	10.00
8-12" C. T.	—	1.75	12.50

Pittosporum Tobira Variegata

Pretty, variegated-leaved small plants are used extensively for dish gardens. Will do well under widely varying conditions as to shade and soil.

	Each	10	100
2½" pots for Spring delivery		\$2.00	\$15.00

> Pyracantha Early Red

This Pyracantha which we know as Early Red is very similar to the Graber Pyracantha, but it berries a little earlier in the season for us here. We recommend it unhesitatingly as a very fine red-berried Pyracantha.

Pyracantha Crenato-Serrata Graber (Graber's Firethorn)

Outstandingly new, good Pyracantha, with huge clusters of scarlet berries, around Christmas time.

Pyracantha Coccinea Lalandi

Upright grower with orange colored berries. Hardy in sections of New Jersey. Potted liners and gallon cans.

8-12" C. T.	—	1.75	12.50

Juniperus Chinensis Foemina (Sylvestris Juniper)

Pyramidal shaped plant with light green foliage. One of the best Junipers in the lower South, but can stand cold of far North.

4- 6" C. T.	—	SOLD OUT
6- 8" C. T.	—	
8-12" C. T.	—	

Juniperus Chinensis Glauca Hetzi

Similar to Pfitzer Juniper with more bluish color and faster grower. Excellent newer Juniper, doing well in as wide a territory as the Pfitzer Juniper.

4- 6" C. T.	—	1.50	10.00
6- 8" C. T.	—	2.00	15.00
8-12" C. T.	—	2.25	17.50
2½" pots	—	2.25	17.50

Juniperus Chinensis Pfitzeriana

This excellent plant is perfectly at home from the Gulf Coast to Canada; from the Atlantic Coast to the Pacific.

Azalea Liners

We offer for early Spring 1957 shipment Azalea liners that are well-branched, compact plants with heavy root systems. These have been grown in beds with a heavy peat content and have been sheared several times to make them bushy. We ship thousands of these liners each spring to many satisfied customers, and we urge you to place your order well in advance of the shipping season on these, which begins about April 1, so that we may reserve some of these for you.
